

How to Make a Rainstick!

You'll need:

- Empty paper towel roll
- 1 inch brads
- Clear packing tape
- Duct tape
- Rice and Beans
- Colored Paper
- Paint or Markers
- Yarn or Embroidery String

- Tape off one end of the paper towel roll with clear packing tape.
- Hammer or poke in the brads one inch apart on the paper towel roll.
- Start at the top and rotate the roll a quarter of a turn with each new brad. Continue this process all the way down the stick.
- Use tape to secure the brads in place.
- Add your beans and rice through a funnel to make the rain.
- Secure the open end with packing tape.
- Wrap the tube in paper or duct tape to hide the brads and use duct tape, wrapping paper, colored paper, markers or paint to decorate.
- Tie on some yarn or string at one end for a pop of color.
